To Whom It May Concern:

Novartis is in a very complex and comprehensive area of the health care field— pharmaceutical drugs. We are directly affected by changes in the state Medicaid program, legislative changes in drug administration policies, and must be able to navigate through the two health care agencies in Florida. We hired Jeanette Wilk in 2004 just before the 2005 Legislative Session and she was able to learn our issues and represent our needs in no time. Jeanette will work hard to make sure that your issue gets the attention it deserves and is excellent when it comes to communicating and follow up with her clients.

I strongly recommend that you make this investment and hire Jeanette Wilk to represent you. If you have questions, please do not hesitate to contact me directly.

Sincerely,
